

## **Welcome To First Grade!**

**Dear First Graders,**

**Congratulations on your graduation from Kindergarten! I am so I hope you enjoy your summer and enjoy a lot of time playing outside, and having fun! If you feel like getting ready for first grade over the summer my suggestion is to read lots of books, if you can't read yet ask someone to read to you everyday! And practice counting things and adding them together. There are plenty of websites out there to help you with this but I feel like our eyes need a screen break. If you are interested in checking out any of these websites I have listed a couple below. I am so excited to meet all of you at the end of August and can't wait to spend our first grade year together!**
